

WE PLAN/YOU PLANT

Developed for the do-it-yourselfer who needs a little guidance, our We Plan, You Plant service will help you find just the right plants to suit your landscape. During your appointment at the nursery, the designer will spend time looking at pictures of your site and listening to your needs while showing you plants that will work for you. At the end of the appointment you will receive a layout and plant list as well as a 10% discount on all recommended plant material purchased within 30 days of your initial meeting.

WHAT YOU NEED TO BRING TO YOUR APPOINTMENT:

1. Measurements: For example, if you are looking to landscape the front of your house, we need the length of your house, the depth of your beds (if any) and any locations of windows, doors, electrical boxes, etc. Follow example below:

2. Pictures: These do not need to be photographs, but they do need to be printed on 8 ½ X 11" paper (color is not mandatory) or pictures on a laptop and/or tablet are fine. PICTURES ON CELL PHONES WILL NOT BE ADEQUATE!! We reserve the right to decline the appointment if pictures are provided from a cell phone.
3. Light Conditions: Does your bed get direct sun all day? Is the front of your house always shady? Knowing the proper light conditions are critical.

Thank you and we'll see you on: _____
